

LME EGG DROP

Thursday, April 12th, 2018

Join In The Challenge!

Read on to see how you can get involved.

Celebrate Spring "Dropping" In

1. Egg Projects must contain a RAW egg.
2. If a parachute is being used, no form of padding is to be used to protect the egg in the container (the egg nest). Creative suspension systems, special egg supports, or rests may be used.
3. If no parachute is being used, design a protection device that uses as little packaging as possible, (eg. Egg surrounded by balloons, egg padded by some sponges). Be creative. Package must be smaller than a small shoe box.
4. **Name of student, grade and classroom teacher must be securely attached.**

This project is to be completed at home and brought in on Wednesday, April 11th. Students will take the projects to tables by the office.

Egg Projects will be dropped on **Thursday, April 12th**.

Kindergarten.....10:30 am

Gr. 1 - 3 11:00 am

Gr. 4 - 6 11:30 am

Welcome in Spring with this activity and help Spring Drop In!!!
This is an "egg"cellent way to be creative!
